ABOUT IC4IR 2021

The International Conference on 4th Industrial Revolution and Beyond (IC4IR) in 2021 will serve as a premier international forum for bringing together researchers and practitioners from diverse domains to share cutting-edge research results obtained through the application of artificial intelligence, the internet of things, data analytics, and cloud computing to solve problems in the industrial domain. The conference will take place in the year 2021 and will bring together researchers and practitioners from diverse domains. IC4IR 2021 also promotes the sharing and dissemination of innovative and practical development of methodologies and technologies with industrial applications through the exchange and dissemination of best practices among the participants.

About University Grants Commission (UGC)

The Father of the Nation Bangabandhu Sheikh Mujibur Rahman recognized the importance of quality higher education towards building a knowledge-based economy in Bangladesh. The functions of UGC are allocation of funds to universities, facilitate the development of higher educational system in Bangladesh with main purpose of upgrading the qualities of teaching-learning at the tertiary level, encourage cutting-edge innovative research and development, and improve governance issues at the universities. Also, UGC is responsible for formulating higher education policy and quality assurance to meet the international standard and advise the Government accordingly.
